## Just-US Mission Statement

The primary mission of the Just-US Support group is to welcome, assist and support individuals with their successful reintegration into the community after criminal justice system involvement.

We seek to empower these individuals by leveraging our positive examples and experience. By providing a support group and utilizing available resources we hope to enhance the capacity of Returning Citizens to address their own needs and successfully (re)integrate into their community(s).

### Core Values:

- |                             |                 |
|-----------------------------|-----------------|
| -Service                    | -Honesty        |
| -Confidentiality            | -Anonymity      |
| -Recovery                   | -Accountability |
| -Social Acceptable Behavior | -Integrity      |
| -Gender-Specific Mentoring  | -Sobriety       |
